 Single

Professional Summary

Full Stack Java Developer with **nearly 4 years of experience** in designing and developing scalable enterprise applications using **Spring Boot**, **REST** APIs, and **MySQL**. Experienced in building robust backend systems, integrating dynamic frontend interfaces, and optimizing application performance.

Work Experience

- Entire Techno Solutions Pvt. Ltd. — Delhi, India** 

07/2023 – present | Delhi, India

Java Developer
 - Designed and developed **20+** RESTful APIs using Spring Boot for enterprise applications
 - Integrated backend services with frontend using JSP and JavaScript
 - Optimized MySQL queries, improving response time and performance
 - Contributed to scalable and maintainable system architecture
 - Collaborated with cross-functional teams for feature delivery and bug resolution
- Edunext Technologies Pvt. Ltd. — Noida, India** 

07/2022 – 07/2023 | Noida, India

Java Developer
 - Migrated legacy application to Spring Boot, improving system scalability and maintainability
 - Integrated backend REST APIs with frontend to build dynamic and responsive UI
 - Enhanced application performance by optimizing API integration and frontend interactions
 - Worked on JavaScript, jQuery, and AJAX to improve user experience
- S O Infotech Pvt. Ltd. — Noida, India,**

09/2021 – 03/2022 | Noida, India

Software Trainee (Java Full Stack)
 - Gained foundational knowledge in **Core Java**, **Spring Boot**, **Servlets**, and **JSP**.
 - Built basic web applications using **JavaScript**, **jQuery**, and backend technologies.
 - Learned **SDLC**, **debugging**, and deployment practices

Skills

Backend Java (Core, OOPs, Collections, Exception Handling) Spring Boot, Hibernate, JPA JDBC, Servlet, REST APIs	Frontend JavaScript, HTML, CSS JSP, jQuery, AJAX Basic React, Next.js
Database & Tools MySQL, Git, Maven	Cloud AWS (EC2, S3, IAM)

Projects

School Management System (SMS) & LMS

07/2023 – present

- Developed and contributed to multiple core modules including Teacher Hiring System, Student Registration System, Agent Management System, and Payment Management System
- Built a Feedback SaaS application for collecting and managing user feedback across the platform
- Implemented white-label solutions for SMS to support multiple clients with custom branding
- Designed and developed backend services using Spring Boot and REST APIs
- Developed dynamic frontend features using JSP, JavaScript, and jQuery
- Implemented cron-based bulk reporting system to send student progress reports automatically

Enterprise Resource Planning (ERP)

08/2022 – 07/2023

- Migrated legacy application to Spring Boot, improving system scalability and maintainability
- Integrated backend REST APIs with frontend to build dynamic and responsive UI
- Enhanced application performance by optimizing API integration and frontend interactions
- Worked on JavaScript, jQuery, and AJAX to improve user experience

Certificates

Java Full-Stack (09/2021 - 03/2022)

This training is done under the guidance of Mr.Manish from S O INFOTECH (P) LTD.

Django using Python 4 weeks Training (02/2020 - 03/2020)

I have successfully completed 4 week Training on "Django using Python"

Python (Basic)HackerRank (07/2020 - 08/2020)

Types, Operators and Control Flow, Strings, Collections and Iteration, Objects

Education

Dr. A. P. J. Abdul Kalam Technical University,

08/2018 – 2022 | Bareilly, India

Bachelor of Technology

Computer Science & Engineering

Bishop Mandal Inter College Bareilly, Uttar Pradesh,

04/2017 – 03/2018 | Bareilly, India

12th Standard

Physics | Chemistry | Mathematics

Khusro Memorial Inter College Bareilly, Uttar Pradesh,

03/2014 – 04/2015 | Bareilly, India

10th Standard

Physics | Chemistry | Mathematics

Awards

Letter of Appreciation – Outstanding Overall

14/03/2026

Performance 

Entire Techno Solutions Pvt. Ltd.

Received organization-wide Letter of Appreciation for outstanding performance and contributions to multiple modules as a Java Developer.
